

DEDICATED SOLUTIONS

Dedicated Solutions

Service. Safety. Success.

PGT Dedicated Solutions are designed to meet your transportation needs, with quality service, safe shipments, and successful delivery. Our Dedicated Solutions are customized to provide you guaranteed capacity without the stress of running your own trucking operation.

Custom Dedicated Fleet Options

PGT Dedicated Solutions are built to complement your business. We will take the time to learn the ins and outs of your organization to determine the right solution for you, including customized load securement and onsite operations management. Unlike major leasing services, PGT Dedicated Solutions offers flexible terms without long-term contracts.

PGT Trucking has been a trusted carrier for more than 44 years, but we haul more than just flatbed trailers! Through PGT Dedicated Solutions, we can provide specialized equipment to handle any cargo needs, including tanker, dry van, stepdeck, multi-axle, power only, and more!

Experience You Can Count On

PGT has provided dedicated solutions since 1981, supporting our customers with quality service, safe shipments, and successful delivery. Backed by more than 44 years in the trucking industry, PGT is the trusted partner you need for all cargo shipments.

Customized to Meet Your Needs

There is no one size fits all option. Each Dedicated Solution is custom built to meet your specific transportation needs. Whether you need one truck or one hundred trucks, PGT will design a dedicated solution just for you. With options for specialized equipment, co-branded trucks/trailers, and custom loading and securement protocols, PGT will build the best transportation solution for you.

Flexibility to Support Your Business

PGT Dedicated Solutions provide flexible contract terms to help meet the ups and downs of your sales cycle. With our extensive asset-based network, we can handle any surge in capacity. No long-term commitment is needed.

Get Started Today

We will provide a thorough analysis of your transportation needs and design a custom dedicated program just for you. With the right personnel, drivers, and equipment, you can focus on what really matters – your business.
